**PROCLAMATION NO. 609**

DESIGNATING THE PERIOD FROM SEPTEMBER FOURTEENTH TO OCTOBER FIFTEENTH, NINETEEN HUNDRED AND FORTY, AS THE PERIOD FOR THE JOINT CITIZENSHIP FUND CAMPAIGN OF THE BOY SCOUTS AND GIRL SCOUTS OF THE PHILIPPINES.

Whereas, in recognition of the splendid accomplishments of the Boy Scouts in character development and in promoting the moral and physical welfare of the Filipino youth, the National Assembly, on October 31, 1936, enacted Commonwealth Act No. 111, creating a public corporation to be known as the Boy Scouts of the Philippines. The altruistic purposes of the organization are enumerated in section 3 of that law which reads as follows: "The purpose of this corporation shall be to promote, through organization and cooperation with other agencies, the ability of boys to do things for themselves and others, to train them in scout-craft, and to teach them patriotism, courage, self-reliance, and kindred virtues, using the methods which are now in common use by boy scouts."

Whereas the National Assembly, on May 26, 1940, enacted Commonwealth Act No. 542, creating a public corporation to be known as the Girl Scouts of the Philippines. The purpose of the organization is set forth in section three of that law, which reads as follows: "The purpose of this organization is to help girls from seven to eighteen years of age to realize the ideals of womanhood, as a preparation for their responsibilities in the home and service to the community and in the realization of this purpose the corporation shall be the directing and coordinating head of the Girl Scout Movement in the Philippines, and shall fix maintain standards for the movement which will inspire the rising generation with the highest ideals of citizenship, character, conduct, and attainment."

Whereas the aforementioned organizations need financial aid with which to provide adequate administrative offices, and to carry out the manifold activities in health, directed citizenship training and other necessary instruction to thousands of boys and girls in the country who should be rolled in the said organizations;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, do hereby designate and set aside the period from September fourteenth to October fifteenth, nineteen hundred and forty, as a special one for the conduct of an intensive campaign to raise the necessary funds for the purposes of the Boy Scouts and the Girl Scouts of the Philippines. Further, I call upon all citizens and residents of the Philippines in every section of the country and in every walk of life to assist in this campaign and to give their special and general support so that these two organizations may be insured of adequate funds to prosecute vigorously and continuously their work throughout the nation.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

**PROCLAMATION NO. 641**

DESIGNATING THURSDAY, THE TWENTY-FIRST DAY OF NOVEMBER,  
1940, AS A DAY OF NATIONAL THANKSGIVING

For the information of the people of the Philippines, there is published hereunder an excerpt from a proclamation of the President of the United States setting aside Thursday, November the twenty-first, nineteen hundred and forty, as a day of general thanksgiving:

“I, Franklin D. Roosevelt, President of the United States of America, do hereby designate Thursday, the 21st day of November, 1940, to be observed nationally as a day of thanksgiving.

“In a year which has seen calamity and sorrow fall upon many peoples elsewhere in the world may we give thanks for our preservation.

“On the same day, in the same hour, let us pray:

“Almighty God, who has given us this good land for our heritage; we humbly beseech Thee that we may always prove ourselves a people mindful of Thy favor and glad to do Thy will. Bless our land with honorable industry, sound learning, and pure manners.

“Save us from violence, discord, and confusion; from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people the multitudes brought hither out of many kindreds and tongues.

“Endow with the spirit of wisdom those to whom in Thy name we entrust the authority of government that there may be justice and peace at home, and that through obedience to Thy law, we may show forth Thy praise among the nations of the earth. In the time of prosperity, fill our hearts with thankfulness, and in the day of trouble suffer not our trust in Thee to fail; Amen.”

It is proper that the day be also observed in the Philippines as in the United States so that we can offer to Almighty God our gratitude for the great favors and blessings He has bestowed upon us. We have been spared the ravages of wars that are raging in other parts of the world; we have just completed another fruitful year of the Commonwealth; we have not experienced any internal trouble or social unrest of any magnitude; and we have been able to cope successfully with the health problems that confront us. Therefore, I, Manuel L. Quezon, President of the Philippines, do hereby proclaim Thursday, November the twenty-first, nineteen hundred and forty, as a day of thanksgiving in the Philippines and do enjoin our people to offer their prayers to Almighty God so that we may be able to continue peacefully in our work during this arduous time of nation-building, to deserve His blessings and grace, and to be worthy of His guidance and protection in the days to come.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this eighteenth day of November, in the year of Our Lord, nineteen hundred and forty and of the Commonwealth of the Philippines, the sixth.

**PROCLAMATION NO. 653**

DECLARING TUESDAY, DECEMBER 31, 1940, A SPECIAL PUBLIC  
HOLIDAY

A petition has been received from and on behalf of the associated banks in Manila, requesting that the thirty-first day of December, nineteen hundred and forty, be declared a bank holiday so as to enable the banking houses to deal the heavy work incidental to the closing of their books at the end of the year. The banking houses have agreed that negotiable papers which would fall due on the thirty-first day of December, nineteen hundred and forty, if the same were not a holiday, shall not be protested until the sunset of the following Thursday, January second, nineteen hundred and forty-one. The said petitioners have further agreed that they will receive moneys from the business community on the said thirty-first day of December for safekeeping, provided that such moneys shall not be entered on the banks accounts until the second day of January, nineteen hundred and forty-one.

It appearing to the Chief Executive that, inasmuch as the thirtieth day of December, nineteen hundred and forty, and the first day of January, nineteen hundred and forty-one, are Public holidays, the said thirty-first day of December, nineteen hundred and forty, can be declared special public holiday to the great advantage of the banking houses and no disadvantage will result to the public in general.

Now, therefore, I, Manuel L. Quezon, President of the Philippines, by virtue of the authority in me vested by section thirty of the Revised Administrative Code, and there being in my judgment sufficient reasons therefor, do hereby proclaim Tuesday, December thirty-first, nineteen hundred and forty, as a special public holiday.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

**PROCLAMATION NO. 718**

DECLARING THE PERIOD BETWEEN INDEPENDENCE DAY, JULY 4, AND JULY 31, 1941, AS THE TIME FOR THE SIXTH COMMONWEALTH ROLL CALL OF THE RED CROSS OF THE PHILIPPINES.

Pursuant to the powers vested in me by law, I, Manuel L. Quezon, President of the Philippines, do hereby declare the period between Independence Day, July fourth, and July thirty-first, nineteen hundred and forty-one, the time for the Sixth Commonwealth Roll Call of the Red Cross of the Philippines.

In these dark and critical days, the symbol of the Red Cross has been kept alive in every nation. This most humanitarian organization has ministered, on a vast scale, to the whole range of human suffering. Our Philippine Red Cross has rendered every form of help to thousands of women and little children who have sought refuge in the Philippines. Our women have gathered together daily to send aid to the wounded and the destitute on the battlefields and in bomb-shattered cities. Materials and funds have gone forth from the Philippines in a steady stream.

We are now faced with the task of preparing measures at home for the prevention of suffering should the exigencies of war reach our shores. Under such conditions, civilian relief work is tremendously increased by problems of evacuation, provision of shelter, care of the destitute, care and treatment of the sick and wounded, rationing of food, and the prevention of epidemics. The Philippine Red Cross has been called upon to work hand in hand with the Government through the Civilian Emergency Administration. The responsibilities placed upon the Red Cross will be heavy and difficult. As a voluntary service society, organized and set up by law, its capacity to serve will in a large measure depend upon the moral and financial support of all our people. In accepting these new responsibilities, the organization should continue its regular peacetime services without abatement.

I, therefore, call upon all citizens and residents of the Philippines to assist actively in the organization and conduct of the Roll Call, and to increase their contributions manifold, so that the Red Cross may face the future with assurance and perform its ministries to prevent and alleviate suffering promptly and efficiently.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Baguio, this second day of June, in the year of Our Lord, nineteen hundred and forty-one, and of the Commonwealth of the Philippines, the sixth.

DECLARING THURSDAY AFTERNOON, JUNE 12, 1941, A SPECIAL PUBLIC HOLIDAY IN THE CITY OF MANILA AND SURROUNDING MUNICIPALITIES.

**PROCLAMATION NO. 724**

PROCLAIMING THURSDAY, JUNE 19, 1941, LOYALTY DAY AND DECLARING THE AFTERNOON THEREOF A SPECIAL PUBLIC HOLIDAY.

Whereas the President of the United States on May 27, 1941, declared and proclaimed that an unlimited national emergency confronted the United States of America, and called upon all loyal citizens "to place the nation's needs first in mind and in action to the end that we may mobilize and have ready for instant defensive use all of the physical powers, all of the moral strength and all the materials and resources" of the United States;

Whereas the aim and purpose of this total effort is to defend the principles of liberty and democracy and to preserve the institutions and the way of life which free peoples have established for themselves;

Whereas the Filipino people believe in these same principles and cherish these same institutions, which are those for which their forefathers fought and bled, and it is fitting that a day be set aside to be known as Loyalty Day in order that on such a day they may have an opportunity to express and reaffirm their loyalty to the United States of America and their determination to defend those principles and institutions to the last measure of devotion;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, pursuant to the provisions of section 30 of the Administrative Code, do hereby designate and proclaim Thursday, June 19, 1941, the birthday of Jose Rizal, the greatest Filipino hero who sacrificed his life for our liberty, as Loyalty Day, and declare the afternoon thereof a special public holiday during which all the people of the Philippines through appropriate ceremonies may express and reaffirm their loyalty to the United States of America as well as their loyalty to the Philippines and to the principles and institutions for which both Americans and Filipinos alike are willing to sacrifice and lay down their lives.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this thirteenth day of June, in the year of Our Lord, nineteen hundred and forty -one, and of the Commonwealth of the Philippines, the sixth.

DESIGNATING THE CIVILIAN EMERGENCY ADMINISTRATION AS A RELIEF ORGANIZATION TO IMPORT CORN FREE OF DUTY.

Whereas it has been reported that there is an impending corn shortage for the current year as a result of the prolonged drought which not only delayed planting in many places but also greatly affected areas which have already been planted, especially in the Visayan Islands;

DECLARING THE 5TH DAY OF JULY, 1941, A  
SPECIAL PUBLIC HOLIDAY

Whereas it appears to the Chief Executive that, inasmuch as the fourth and sixth days of July, nineteen hundred and forty-one, are public holidays, the fifth day of July, nineteen hundred and forty-one, can be declared a special public holiday to the great advantage of the banking houses and no disadvantage will result to the public in general; and

Whereas it is expected that banking houses will see to it that negotiable papers which would fall due on the fifth day of July, nineteen hundred and forty-one, if the same were not a holiday, should not be protested until the sunset of the following Monday, July seventh, nineteen hundred and forty-one;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, by virtue of the authority in me vested by section thirty of the Revised Administrative Code, and there being in my judgment sufficient reasons therefor, do hereby proclaim Saturday, July fifth, nineteen hundred and forty-one, as a special public holiday.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

PUBLISHING THE INTERPRETATION MADE BY THE DEPARTMENT OF STATE OF ITS INSTRUCTIONS REGARDING THE PROCEDURE TO BE FOLLOWED IN THE EXCHANGE OF COMMUNICATIONS BETWEEN THE AUTHORITIES OF THE COMMONWEALTH OF THE PHILIPPINES, ON THE ONE HAND, AND FOREIGN CONSULAR OFFICIALS IN THE PHILIPPINES, ON THE OTHER.

Whereas, on September sixth, nineteen hundred and thirty-seven, the President of the Philippines issued Proclamation Numbered One hundred ninety-eight, publishing the instructions issued by the Department of State of the United States defining the procedure to be followed in the exchange of communications between the authorities of the Commonwealth of the Philippines, on the one hand, and foreign consular officials in the Philippines and American diplomatic and consular officers, on the other hand; and

Whereas, in order to avoid misunderstanding or misinterpretation of the procedure as set forth in said instructions of the Department of State, that Department has made certain interpretation thereof reading as follows:

I. Foreign consular officers stationed in the Philippines may appropriately address and appeal to the local authorities, throughout the extent of their consular districts, for the purpose of protecting the rights and interests of their nationals which are specifically provided, for in any treaty, law or regulation. However, consular communications to the Commonwealth authorities, whether formal or informal, should be limited to requests for the consideration of individual cases leaving matters deemed to affect the general interests of foreign nationals to be dealt with as provided in paragraph III. Requests for routine information may be sent directly to the Commonwealth authorities.

II. Questions relating to exequaturs, visits of foreign war vessels and other formal matters' should be dealt with as usual through diplomatic channels, i. e. through the embassy or legation at Washington of the country concerned. Questions relating to visits of foreign airplanes should also be dealt with through diplomatic channels save where a different procedure has been authorized by the Department of State.

III. All matters involving questions of, policy, whether arising out of the administration of laws or regulations or relating to proposed amendments thereof, which may be deemed to affect the general interests of the nationals of any foreign government, should be referred to the Government of the United States through the embassy or legation at Washington of the country concerned, or through the High Commissioner. When a consular officer intends to refer matters through his country's mission at Washington he may at the same time care to inform the High Commissioner of the general nature of his contemplated communication to that mission, in- order to facilitate the handling of the case. In any case which may reasonably be regarded as requiring urgent attention the appropriate foreign consular representative at Manila may bring the matter to the attention of the United States High Commissioner who, if he deems such action appropriate, will refer the case directly to the Commonwealth authorities. Otherwise he will bring the matter to the attention of the Department of State and so inform the foreign consular officer concerned.

Whereas, subject to the foregoing interpretation, the procedure published in Proclamation Numbered One hundred ninety-eight is still in effect.

Now, therefore, I, Manuel L. Quezon, President of the Philippines, do hereby publish the interpretation above made by the Department of State of the United States, for the information and guidance of all concerned.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

PUBLISHING PROCLAMATION NO. 2487, DATED MAY 27, 1941, OF THE PRESIDENT OF THE UNITED STATES, "PROCLAIMING THAT AN UNLIMITED NATIONAL EMERGENCY CONFRONTS THIS COUNTRY, WHICH REQUIRES THAT ITS MILITARY, NAVAL, AIR AND CIVILIAN DEFENSES BE PUT ON THE BASIS OF READINESS TO REPEL ANY AND ALL ACTS OR THREATS OF AGGRESSION DIRECTED TOWARD ANY PART OF THE WESTERN HEMISPHERE."

Whereas the President of the United States did, on May 27th, nineteen hundred and forty-one, issue the following Proclamation:

Whereas on September 8, 1939, because of the outbreak of war in Europe a proclamation<sup>1</sup> was issued declaring a limited national emergency and directing measures "for the purpose of strengthening our national defense within the limits of peacetime authorizations,"

Whereas a succession of events makes plain that the objectives of the Axis belligerents in such war are not confined to those avowed at its commencement, but include overthrow throughout the world of existing democratic order, and a worldwide domination of peoples and economics through the destruction of all resistance on land and sea and in the air, and

Whereas indifference on the part of the United States to the increasing menace would be perilous, and common prudence requires that for the security of this nation and of this hemisphere we should pass from peacetime authorizations of military strength to such a basis as will enable us to cope instantly and decisively with any attempt at hostile encirclement of this hemisphere, or the establishment of any base for aggression against it, as well as to repel the threat of predatory incursion by foreign agents into our territory and society,

Now, therefore, I, Franklin D. Roosevelt, President of the United States of America, do proclaim that an unlimited national emergency confronts this country, which requires that its military, naval, air and civilian defenses be put on the basis of readiness to repel any and all acts or threats of aggression directed toward any part of the Western Hemisphere.

I call upon all the loyal citizens engaged in production for defense to give precedence to the needs of the nation to the end that a system of government that makes private enterprise possible may survive.

I call upon all our loyal workmen as well as employers to merge their lesser differences in the larger effort to insure the survival of the only kind of government which recognizes the rights of labor or of capital.

I call upon loyal state and local leaders and officials to cooperate with the civilian defense agencies of the United States to assure our internal security against foreign directed subversion and to put every community in order for maximum productive effort and minimum of waste and unnecessary frictions.

I call upon all loyal citizens to place the nation's needs first in mind and in action to the end that we may mobilize and have ready for instant defensive use all of the physical powers, all of the moral strength and all of the material resources of this nation.

In witness whereof I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Having found that the recent typhoon which broke out in and devastated the municipality of Calatagan, Province of Batangas, has wrought havoc among the residents thereof and has made unduly difficult their means of livelihood, I, Manuel L. Quezon, President of the Philippines, by virtue of the powers conferred upon me by section one of Act Numbered Four thousand one hundred sixty-four, entitled "An Act to prevent the excessive increase in the price of certain prime necessities of life on the occasion of a public calamity, penalizing the violation thereof, and for other purposes," do hereby proclaim that a public calamity exists in the municipality of Calatagan, Province of Batangas, as a result of said typhoon and do hereby declare in full force and effect therein the provisions of Act Numbered Four thousand one hundred sixty-four which prohibit and penalize the hoarding of the prime necessities of life and the holding of them for sale at prices twenty-five per cent or more higher than the prices which were current in the different localities one month before the disaster occurred.

This proclamation shall not apply to such commodities of prime necessity as are covered by Executive Order Numbered Three hundred seventy-one, except with respect to commodities for which a lower maximum price is fixed under the provisions of Act Numbered Four thousand one hundred sixty-four, in which case, this maximum price shall govern, notwithstanding the provisions of Executive Order Numbered Three hundred seventy-one.

“2.02 Every facility shall accord priority as to the services rendered by such facility to warrant holding vessels as against nonwarrant holding vessels, notwithstanding the fact that a non-warrant holding vessel presents itself or applies for such service before a warrant holding vessel.

“2.03 As between warrant holding vessels, facilities shall give priority in accordance with the ascending order of the classes shown by their warrants; for example, a vessel exhibiting a Class A-1 warrant is to have preference over all vessels exhibiting Class A-2 warrants or lower.

“2.04 In case a facility shall have begun servicing a warrant holding vessel, it need not suspend such servicing because of the subsequent request for such service on behalf of a vessel bearing a warrant of a higher class than that of the vessel being serviced.

“2.05 In case a facility shall have begun servicing a non-warrant holding vessel and a warrant holding vessel presents itself or applies for service at such facility, the servicing of the warrant holding vessel shall not be postponed or delayed because of the servicing of the non-warrant holding vessel and the servicing of the non-warrant holding vessel shall be suspended or deferred to the extent necessary: *Provided*, That, if the servicing of the non-warrant holding vessel has proceeded to such a point that it would be unsafe to remove it, or if the time required to remove it and to prepare the facility for servicing the warrant holding vessel would exceed the time required to complete the servicing, such servicing may be continued and completed.

“2.06 As between warrant holding vessels of the same class, preference shall be given by facilities in the usual order of business: *Provided*, That when necessary and advisable in the interests of national defense, the Commission may specify the order in which vessels holding warrants shall be accorded priority at any facility or facilities.

“2.07 If an application for service is received by a facility on behalf of a warrant holding vessel, such facility shall not service a non-warrant holding vessel if the servicing of such non-warrant holding vessel would impair the ability of the facility to service such warrant holding vessel.

“2.08 All contracts entered into with respect to servicing by facilities shall contain appropriate conditions to the effect that priority will be granted by the facilities in the manner herein provided, and that no duty or liability shall accrue because of the necessity of granting any priority herein provided.

### “III. Warrants

“3.01 Warrants for vessels will be issued with the following classes: “(a) Class A-1 shall apply to vessels of 1,000 or more gross tons employed under an undertaking relating to (1) the importation of substantial quantities of strategic and critical materials, or (2) the transportation of substantial quantities of other materials when such transportation is requested by any defense agency, or (3) the transportation in the foreign or domestic commerce of the United States of substantial quantities of materials deemed by the Commission to be essential to the defense of the United States, and which vessels are of a type and capacity which the Commission deems appropriate for such importation or transportation. Class A-1 shall also apply to railroad car ferries, and to tug boats, salvage vessels and other vessels used in servicing vessels;

“(b) Class A-2 shall apply to vessels of 1,000 or more gross tons employed in the transportation in the foreign or domestic commerce of the United States of substantial quantities of materials deemed by the Commission to be essential to the economic welfare of the United States, or the employment of which is otherwise desirable for the maintenance of such foreign or domestic commerce; and

“(c) Class A-3 shall consist of vessels of less than 1,000 gross tons (other than railroad car ferries, tug boats, salvage and ether vessels used in servicing vessels). DECLARING WEDNESDAY, DECEMBER 31, 1941, A SPECIAL PUBLIC  
HOLIDAY

A petition has been received from and on behalf of the associated banks in Manila, requesting that the thirty-first day of December, nineteen hundred and forty-one, be declared a public holiday so as to enable the banking houses to deal with the heavy work incidental to the closing of their books at the end of the year. The banking houses have agreed that negotiable papers which would fall due on the thirty-first day of December, nineteen hundred and forty-one, if the same were not holiday, shall not be protested until the sunset of the following Friday, January second, nineteen hundred and forty-two. The said petitioners have further agreed that they will receive moneys from the business community on the said thirty-first day of December for safekeeping, provided that such moneys shall not be entered on the banks' accounts until the second day of January, nineteen hundred and forty-two.

It appearing to the Chief Executive that, inasmuch as the thirtieth day of December, nineteen hundred and forty-one, and the first day of January, nineteen hundred and forty-two, are public holidays, the said thirty-first day of December, nineteen hundred and forty-one, can be declared special public holiday to the great advantage of the banking houses and no disadvantage will result to the public in general.

NOW THEREFORE, I, MANUEL L. QUEZON, President of the Philippines, by virtue of the authority in me vested by section thirty of the Revised Administrative Code, and there being in my judgment sufficient reasons therefor, do hereby proclaim Wednesday, December thirty-first, nineteen hundred and forty-one, as a special public holiday.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines, to be affixed.

Done at the City of Manila, this 27<sup>th</sup> day of December, in the year of our Lord, nineteen hundred and forty-one, and of the Commonwealth of the Philippines, the seventh.
